Event Details

Geolignite 2026, Canada's National Geospatial Leadership Conference

Dates: May 11–13, 2026

Venue: Ottawa Conference and Event Centre

200 Coventry Rd, Ottawa, ON K1K 4S3, Canada

Geolignite brings together leaders from government, industry, academia, and Indigenous organizations to explore how geospatial technology supports Canada's sovereignty, infrastructure, resilience, and digital future.

The event will host approximately 350+ attendees and many exhibitors representing the Canadian geospatial ecosystem.

Event Overview

Geolgnite is Canada's national geospatial leadership conference hosted by GoGeomatics Canada.

The program is structured across three days:

May 11 – National Geospatial Forum (Pre-Conference)
Community dialogue and national policy discussions.

May 12 – Leadership & Plenary Day
Keynotes and panel discussions.

May 13 – Strategic Track Day
Parallel sessions on GEOINT, Earth observation, digital infrastructure, and Arctic priorities.

Exhibitors will be located within the conference networking and exhibition area, allowing direct engagement with industry leaders and decision makers.

BOOTH ORDER FORM URL: https://advantageav.com/?page_id=1067

PASSWORD: GEO_2026

Early ordering is recommended.

Registration & Staff Badges

Each exhibitor receives a set number of staff passes. Number of badges is determined by size of booth and contribution

These badges provide access to:

- exhibition floor
- networking receptions
- food and beverage breaks
- access to conference sessions

Registration Process

1. Exhibitors submit staff names in advance (please submit via your exhibitor form by April 24th to ensure your badge is printed and available onsite)
2. Badges will be prepared by the event team
3. Badges can be picked up at the registration desk
